TREE RING MAZE

Can you find your way through the maze to the center of the tree rings? Did you know that tree rings can tell us a lot about trees? Tree rings can tell us the tree's age and how environmental factors like weather, wildfires, insects and human disturbances effected a tree's development. Each ring typically represents one year of a tree's growth.

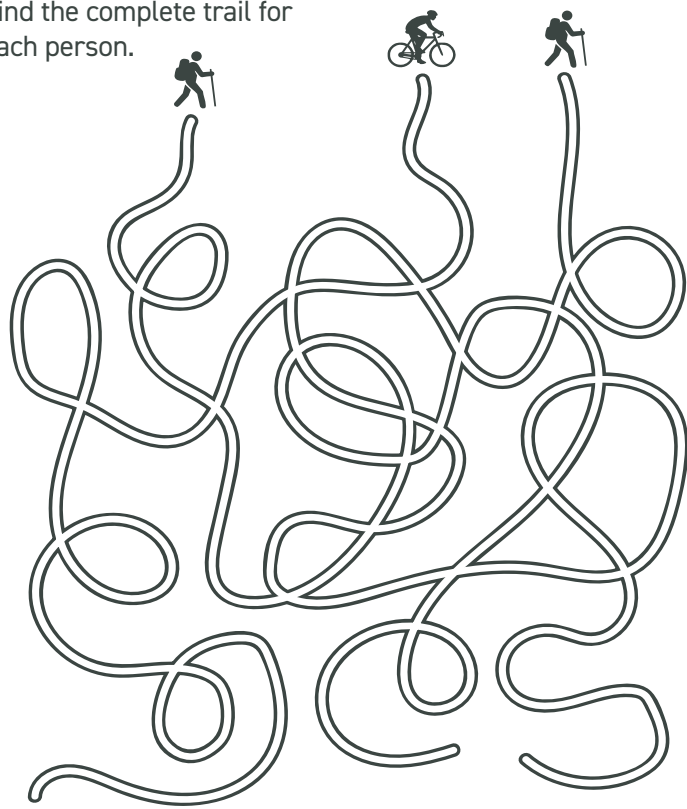

WHICH TREE IS DIFFERENT?

TRAIL SCRAMBLE

Find the complete trail for each person.

1. Cabins 2. Artists 3. Crafts 4. Music
